Foreword

The KwaZulu-Natal (KZN) South Coast is rapidly emerging as a premier Meetings, Incentives, Conferences and Exhibitions (MICE) destination, offering a unique blend of modern venues, breathtaking natural beauty and rich cultural heritage. With world-class golf courses, pristine Blue Flag beaches and diverse adventure and eco-tourism experiences, our region is an ideal location for business events and corporate retreats.

As South Coast Tourism and Investment Enterprise (SCTIE), we are committed to driving economic growth through tourism and investment. Our focus remains on job creation, inclusive growth and poverty reduction, ensuring that our people benefit from a thriving tourism economy. We remain dedicated to fostering a capable, ethical environment that promotes long term prosperity.

With the Eastern Seaboard Development set to transform the region and South Africa preparing to host the next G20 Summit, the KZN South Coast is poised to play a significant role in shaping future economic opportunities. We invite business event planners to explore our destination where professional excellence meets unparalleled/ world class hospitality.

We look forward to welcoming you to the KZN South Coast where business meets leisure and opportunities for growth are limitless.

Dr Vusumuzi Sibiya
Chief Executive Officer

WELCOME TO SOUTH COAST - PARADISE OF THE ZULU KINGDOM!

"Picturesque" is the most appropriate word to describe the KZN South Coast.
Endowed with lush forests, pristine beaches, and incredibly diverse flora and fauna, it is one of the most beautiful destinations in the world.

It is remarkable for its many golden beaches (some with blue flag status), tidal pools, world-class golf courses, scenic trails, Oribi and Umtamvuna River Gorges and other countless incredible leisure experiences.

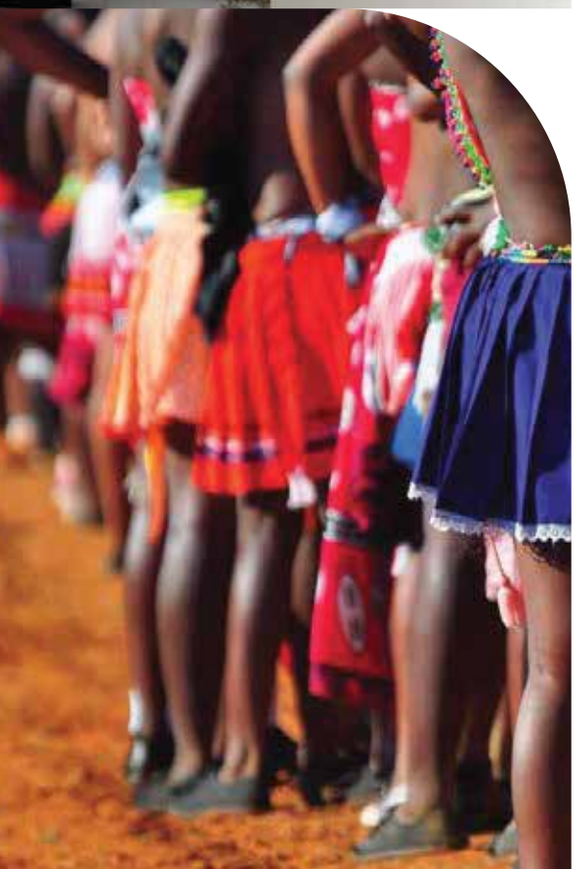

Stretching 120 kilometres from Scottburgh to Port Edward, the KZN South Coast is a collection of charming towns and villages which include Scottburgh, Pennington, Hibberdene, Port Shepstone, Margate and Port Edward.

While coastal resorts and unspoiled beaches are the main drawcard for the KZN South Coast, the magnificent hinterland encompas - sing the famous Oribi Gorge, historic KwaXolo Caves, rural villages, national parks and wilderness areas are also a major attraction.

One of the KZN South Coast s best-kept secrets is the internationally-protected heritage site, the Red Desert. It is the smallest desert in the world at only 200m in diameter, resembling a miniature version of the Arizona Desert in the US. The desert consist of red soil with archeological artefacts dating back millions of years.

A visit to the KZN South Coast in winter will expose you to a fascinating marine spectacle, the sardine run. Known as the greatest shoal on ear th, the event is likened to the East African wildebeest migration. It is the annual mass migration of billions of sardines from the temperate west coast that are pursued by a large number of predators such as game fish, sharks, whales, and dolphins. It also attracts birds such as Cape gannets, cormorants, terns and gulls.
cormorants, terns and gulls.

ENCHANTING HERITAGE

South Coast Tourism and Investment Enterprise prioritises responsible development of rural areas and has recently launched a few tourism initiatives which include the Umzumbe River Trail and the KwaNzimakwe Multi-Trails which provide hikers, trailers and 4X4 enthusiasts with the opportunity to explore the Impenjathi River Valley.

The KZN South Coast is made up of diverse cultures, with Zulu being the dominant one, particularly in the hinterland where traditional ways of life still prevail. Other nations and cultures that have shaped the KZN South Coast's heritage are the Xhosas, Afrikaners, Indians and the British. Explorers from different parts of the world , who settled and established small communities that still practise their traditions and speak their own languages have also influenced the local culture.
KZN South Coast's predominant language is isiZulu, with other languages such as isiXhosa, English, and Afrikaans also being spoken widely.

The best way to learn about a destination's culture is to spend time with the locals. A visit to KwaNzimakwe Village is a must. Here you will experience first-hand hospitality and a truly authentic and fulfilling encounter. Your experience will be incomplete if you do not try a traditional meal of chicken(umleqwa), Zulu steamed bread and spicy beans or spinach. Create your own unique screen-print at WowZulu Market or learn the skill of wrapping a doek/headscarf on your head.

Ntelezi Msani Heritage Centre is another significant site worth visiting. It is a community-driven initiative dedicated to preserving the local history, cultural and creative activities of the KZN South Coast. Visitors will be taken on an informative journey, uncovering the origins and traditions of the Zulu-Kingdom. Here you will also learn about the Zulu nation's health and their physical strength.
The Centre has a wide range of beautiful arts on display, and offers visitors an opportunity to take part in ancient stone throwing ritual or stick fighting.

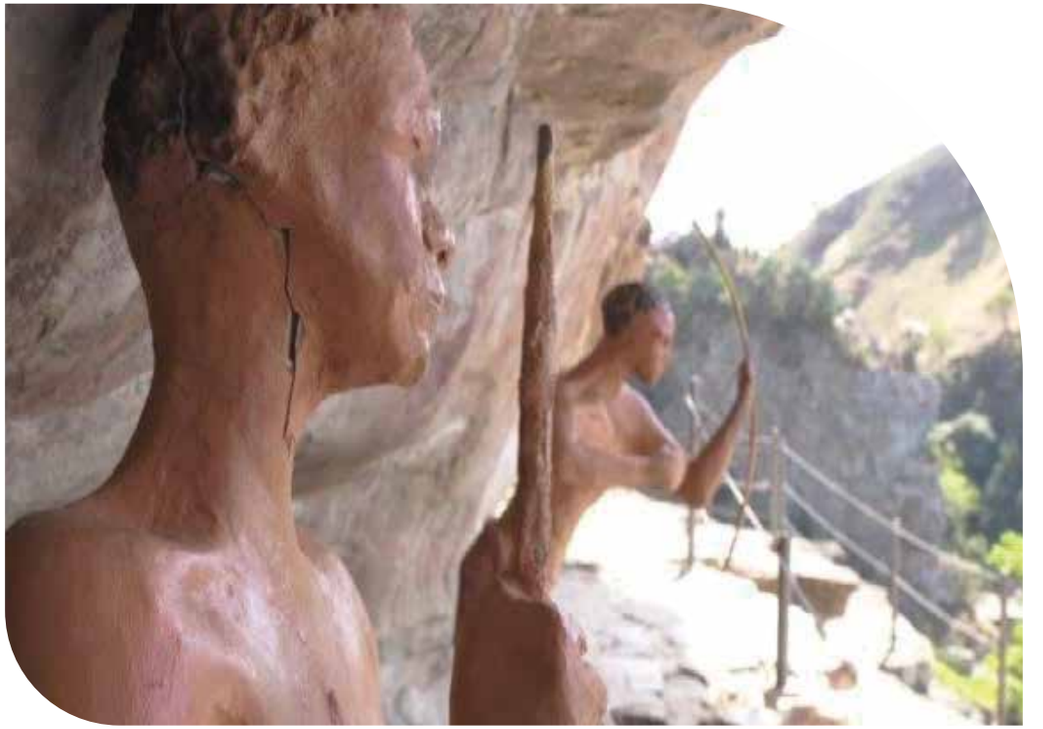

This unassuming destination has produced some of the most the region's best and most successful artists.

TRAVEL BACK IN TIME

A visit to kwaXolo Caves will expose you to San inspired art dating back some 100 000 years. These caves were once open-rock shelters for indigenous San communities. The caves house the ancient San Rock art that depicts the area's rich cultural heritage. The sites are believed to have had particular natural, cultural and spiritual significance to the San people.

The paintings are said to represent journeys of shamans (medicine men) into the spiritual world in an effort to induce rain, heal sicknesses and ease societal tensions. Learn about the KZN South Coast's fascinating history, which includes many shipwrecks, the Port Shepstone light house, Isivivane(a traveller's cairn created by King Shaka) and the tragic story of the São João – the great Portuguese galleon. There are also archaeological artefacts scattered throughout the Red Desert.
